MADISON AREA BUILDERS ASSOCIATION

FINISH FASTER WITH LESS WASTE.

LP SmartSide®
ExpertFinish® TRIM & SIDING

Build more efficiently with LP® SmartSide® ExpertFinish® Trim & Siding. Its advanced durability and workability can help speed installation and minimize waste.

- Made with engineered wood strand technology and LP's proprietary SmartGuard® process
- Weighs 45% less per foot than fiber cement and is easier to carry, more flexible, and less prone to breakage
- 16' lap, vertical siding, and trim may result in fewer cuts and seams, helping boost productivity
- Available in 16 ExpertFinish® colors

JohnsonFinancialGroup.com/construction

Products and services offered by Johnson Bank, Member FDIC, a Johnson Financial Group company. Loans are subject to credit and property approval, bank underwriting guidelines, and may not be available in all states. Other loan programs and pricing may be available. Certain conditions, terms, and restrictions may apply based on the loan program selected. The term of the loan may vary based upon program chosen. Eligibility requirements are available upon request. Property insurance is required; if the collateral is determined to be in an area having special flood hazards, flood insurance will be required. Private mortgage insurance may be required on loans with less than 20% down. Permanent financing is subject to additional credit approval and property valuation.

WHAT PRODEALER OF THE YEAR MEANS TO YOU.

Confidence. From excellence in customer service and support, to quality of products like Marvin windows and doors, to devotion to our employees and communities, you can be confident that Bliffert delivers on these values and more to contractors throughout south central and eastern Wisconsin. While humbled to receive this distinction by HBS Dealer, we're prouder that having done so means our contractor partners are continually getting the very best. Build it better. Build it local. With confidence from Bliffert.

NOTES

This image shows a full page of blank handwriting practice paper. It features multiple sets of horizontal lines. Each set consists of three lines: two outer lines and one middle line, creating uniform rows for letter height and placement. The lines are evenly spaced across the entire page, providing a guide for consistent letter formation. There are no margins, text, or other markings on the paper.
